

GoCard

Stampante trasferimento termico - Thermal transfer printer

GoCard ist flexibel und vielseitig Thermotransferdrucker, um flache Einzelprodukte (Visitenkarten, kleine Beuteln, usw.) zu bedrucken. Durch eine einstellbare Schleuse kann GoCard mit diversen Materiale arbeiten. Im Magazin befinden sich die Produkte im Stapel, die vereinzelt und im Beilaufl bedruckt werden. Der Drucker kann Texte, Barcodes, Logos und variable alphanumerische Daten mit extremer Flexibilität und Qualität drucken.

Flexible and versatile, GoCard is a desktop thermal printer which prints easily on cards and carton pieces of different sizes, dimensions and shapes. The cards are stored and fed by the back stacker through a feeding system; once they reach the print position, the printer overprints texts, barcodes, and variable data with an extreme print quality and efficacy.

Caratteristiche Tecniche - Technical Specifications

| | GoCard |
|----------------------------------|---------------------------|
| Risoluzione | 12 punti/mm |
| Resolution | 12 dots/mm |
| Massima velocità di stampa | 150 mm/s |
| Maximum print speed | |
| Area di stampa max | 107 x 195 mm |
| Print area width | |
| Minima dimensione prodotto | 75 x 50 mm |
| Minimum card size | |
| Massima dimensione prodotto | 160 x 200 mm |
| Maximum card size | |
| Capacità massima magazzino | 250 mm |
| Maximum stacker capacity | |
| Grammatura minima e massima | 80 - 200 g/m ² |
| Minimum and Maximum weight | |
| Massima lunghezza nastro | 600 m |
| Ribbon length | |
| Memoria | RAM 256 MB - 512 MB |
| Memory | |
| Interfacce | Ethernet - RS 232 |
| Interfaces | |
| Dim. macchina lung. - largh. - h | 554 x 493 x 369 mm |
| Machine size length - width - h | |
| Peso | 30 Kg |
| Weight | |
